

Africa's Finest Hunting Magazine

2017 Media Pack

The Magazine - In a league of its own

Our objective is simple and clear – to promote hunting in Africa. And everything we do, focuses on this central mission. We believe that for the passionate hunters they are either hunting, or spend their time wishing they were hunting. This publication helps them get through that time when they are not actually in the bush. Our reader is more committed, more passionate and has tremendous interest in just about everything to do with the African safari.

Our offices and bases are in the USA, in Canada, and in South Africa. We are the only magazine of its kind to attend international hunting EXPOs, publish and distribute both in Africa and in the USA and host our own hunting expos. Our team of dedicated staff are based in Montana, USA and Jo'burg, South Africa.”

We hope this helps paint a picture for you when you choose to invest your money with us. We take your decision seriously and want to ensure you get value for your money. So when it comes to Africa and hunting, if you are trying to reach a serious buyer be it clothing, art, guns, ammo, hunting outfit, optics, taxidermist, booking agent, charter company, insurance or any other hunting accessory – your decision to select our publication and ancillary products would be a great choice!

What does the magazine contain?

Between the covers of this magazine are stories, profiles and features from the small specialist owner operator businesses through to the legendary and finest big brand names in the Industry.

What differentiates the magazine in the market?

- Our coffee table publication, arguably the finest hunting title in the world, certainly the finest on Africa, delivers for readers a product that has a unique blend of content to help keep their dreams alive.
- Written by leading journalists and specialists in their field, or from the hunters themselves, our world class full color images and paper quality is unrivalled. Our letters are a testament to this fact.
- Copies are saved and collected as our audience has told us.

Reader Survey*

In 2014 we compiled our second International hunting survey where over 760 international hunters completed a detailed 40 point questionnaire. Two salient points were:

- 58% spent more than \$20 000 on their last safari (30% spent more than \$35 000)
- 88% said hunting in Africa is good value for money

Letters

While there are too many to publish, we have below just one example.

I just wanted to let you know that I recently purchased my first copy of The African Hunting Gazette. You publish an absolutely fantastically well written magazine. I could not put it down until I got to the back cover. I have only made two safaris to Africa so far, both to Zimbabwe. I have never been so consumed by the total hospitality from everyone I came in contact with. There is no hunting like Africa. I learned only too well that “Nobody goes to Africa just once”. The *African Hunting Gazette* compliments the professional people of the safari business, from the PH to the hospitality staff, congratulations!

*Sincerely
Jim Wilson
York, Pennsylvania*

Who does the magazine reach?

Our readers have an exceptionally high income, appreciate quality and are prepared to pay for it: Who else parts with \$12.95 to buy one copy of a magazine, or spends \$50 000 plus on a 14 day hobby? They are collectors; from guns, to books, from the trophies on their wall to each copy of *African Hunting Gazette*, our readers treasure their memories.
